

Healing Hearts

Our ministers and practitioners are the healing heart of our Center, trained and licensed through Centers for Spiritual Living, based in Golden, Colorado.

The rates for using the professional service of a Minister or Practitioner for prayer or spiritual counseling are set by each individual.

No one is ever refused service by the inability to pay. Everyone is encouraged to meet with Ministers and Practitioners to receive an affirmative prayer, particularly in areas of health, abundance, creativity and relationships.

**Practitioners are available
after Sunday services at no cost**

**A full Practitioner service is by
individual appointment**

What is a Practitioner?

A Practitioner is a person of high spiritual consciousness and deep understanding who is trained in the art, science and skill of Spiritual Mind Treatment, our form of affirmative prayer.

A Practitioner uses conviction and faith in the Divine Presence, along with interview skills, to reach a realization about you and the specific changes in belief and attitude required for a new demonstration to occur.

A Practitioner has completed a minimum of four years of training and is licensed to practice professionally.

We believe that no matter what the question, there is an answer. A Practitioner can help you reach a new level of faith and conviction in the limitless, creative power of Spirit.

We believe that behind every condition is a belief, and if you can change the belief, you can change the condition.

Healing Prayer

Affirmative prayer, which we call spiritual mind treatment, is, “the art, the act, and the science of consciously inducing thought within the mind of the one doing the treatment, which perceives your life as a Divine, Spiritual, perfect idea.”

The Inner Light

The Light of Heaven shines through me and illumines my path. The Light Eternal is my guide and my protection. In that Light there is no darkness at all. It is a Perfect Light shining from the altar of a perfect Love. O Light and Love within me, Thou art welcome.
